

## Reference Map

This map of Guinea-Bissau displays its administrative regions and major urban centers. The capital, Bissau, is marked with a star. Other regional capitals are indicated by circles with dots. The map also shows the country's borders with Senegal, Gambia, and Guinea, as well as the Atlantic Ocean to the west. Key geographical features include the Cacheu, Bafata, and Geba rivers, and the Bolama/Bijagos archipelago. A scale bar indicates 50 km, and a legend explains the symbols used.

**Legend:**
